## PROJECTS

### ZERODHA LANDING PAGE (Beginner Friendly) ,HTML | CSS |

It is a static webpage designed using HTML and CSS to mimic the homepage of the popular stock trading platform, **Zerodha**. The project features a clean, professional layout with sections for the company's services, benefits, and testimonials. CSS is used for styling to create a modern, responsive design that adapts to different screen sizes. The page includes a navigation bar, banner image, and various content blocks, providing a visually appealing and user-friendly interface..

### PORTFOLIO, HTML | CSS | JAVASCRIPT|

Designed and developed an interactive portfolio website using React, showcasing my skills and projects. The website features a **modern and responsive design**. The project section presents GitHub links and demo for each project.
